## IMPORTANT NOTES:

- Wood can be susceptible to changing color over time when exposed to strong sunlight. Use window shades, drapes or blinds to protect your furniture. To help the surface age evenly and avoid dark and light spots, periodically move items to expose the entire surface to an even amount of light so it may develop a uniform patina.
- For normal household use only. *Not* recommended for commercial use.
- Remove items before you move this unit.
- This assembly requires two people.
